# TO THE TRADE

## This List Cancels All Previous Lists

**Packing.** Net f. o. b. our shipping points. Packing charges are extra. We make no charge for packing car lot orders in bulk.

### NOTICE!

We anticipate that there will be many shortages before the Planting Season is over. All prices in this list are subject to change without notice. All quotations are made for immediate acceptance and with the understanding that all orders placed by us with our shippers are placed subject to shipper having stock on hand at the time your order is received. We advise you to place all orders early.

**Prices are subject to change without notice.**

Orders are accepted on condition that they shall be void should stock become injured by frost or other causes beyond our control. We cannot be responsible for loss caused by damage or delay in transit. If such damage occurs, it must be reported and entered immediately with your local agent of the transportation company.

**CLAIMS** for error or shortage will be gladly corrected, but we must be notified within **TEN DAYS** after arrival of the stock. Such claims must be based upon an actual check of material at the time shipment arrives and not after it has been sold or lined out. **Positively no claims will be allowed unless we (or the shipper) are notified within 10 days of arrival of the shipment.**

**Quantity Discount.** Five plants furnished at the 10 rate, 25 at the 100 rate and 250 at the 1,000 rate.

**Guarantee.** Prices do not include any guarantee of growth whatever.

**Terms.** All accounts are due and payable 60 days from date of invoice. Cash, security, or satisfactory Trade references will be required from unknown parties. Interest at 6% will be charged upon all past due accounts. Cash discounts: 2% 10 days; 1% 30 days from date of invoice.

Where quantity ordered is of sufficient amount we can arrange for shipment by motor truck at reasonable rates. Our favorable locations make it advantageous for our customers to come with their trucks and take away their purchases.

### OUR SERVICE

We always use the greatest care in placing orders for material where we believe the customer's interests will be best served as regards transportation, etc. Sometimes we receive orders for material of which we are either sold out or do not list. In such cases we fill the order, if possible, from the nearest source of dependable stock. This service, we believe, means much to our customers, especially during the busy planting seasons.

**TAXUS HICKSI**

We wish to call your attention to our TAXUS HICKSI, listed elsewhere on this page. This is the finest lot of hicksi we have ever seen. All are well grown, well filled, shapely plants. Fruiting as heavily as it does, this variety is becoming very popular.

**THUYA—continued****BRUBAKER ARBORVITÆ**

A new variety of much promise. Conical in shape, its foliage is of finest texture and color. We here offer a limited quantity.

F. O. B. Ohio Shipping Point

No more lovely sight can be imagined than a Tree Wisteria in bloom. The purplish blue flowers completely cover the tree during May, transforming it into a sheer beauty. In formal gardens, Tree Wisterias are indispensable. On the lawn they develop into beautiful specimens and live for generations increasing in beauty and dignity each successive season. The plants we offer are grown on stems about 4 feet high and the crowns are about 2½ to 3 feet in diameter. Every plant has bloomed.

**Blue.** The most popular color. Each \$4.00. Doz. \$40.00

**White.** Silvery white blooms. Each 4.50. Doz. 45.00

## BERBERIS THUNBERGI SEEDLINGS

These are from the finest block of seedling Barberry we have ever seen and will make fine stock for growing on.

## TRUE HEDGE COLUMNBERRY OR COLUMN BARBERRY

(*Berberis thunbergi erecta*)

United States Plant Patent No. 110

A fine upright new form of Barberry, pyramidal, with a very dense growth and heavy foliage evenly distributed from the ground up; berries similar in color and size to *Berberis thunbergi*. Can be grown like boxwood. Very desirable for compact hedges and a welcome addition to our list of Hedge Plants.

(We are offering these plants for shipment from Westfield, Mass., under license from the originators.)

**BERBERIS MENTORENSIS**

U. S. Plant Patent No. 99

**"Mentor Barberry"**

A remarkably fine hedge plant that withstands heat and drought. This plant is the result of a cross between *Berberis thunbergii* and *Berberis Juliana*. Foliage is a good dark green and upright in habit. We offer these plants for shipment from Westfield, Mass., under license from the originators.

**DAPHNE "SOMERSET"**

Plant Patent No. 315

This fragrant and easy-to-grow Hybrid Daphne originated in England a number of years ago. It received highest honors from the R. H. S. of Great Britain when it was first shown in London. The star-like blush-white flowers are as deliciously fragrant as Daphne Cneorum. They occur in quantities during May and June along the upper 8 or 10 inches of each branch, the flowering time lasting a month or more. The foliage is rich, dark green, giving the effect of boxwood. It remains on the plant well into the winter.

## A NEW WEIGELA

(PLANT PATENT APPLIED FOR)

### "BRISTOL RUBY"

A better "Eva Rathke" has long been needed—"Bristol Ruby" is just that. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage.

Color is a soft ruby red shading to garnet crimson; extremely pleasing in effect and without a harsh tone.

Attaining a height of 6 to 7 feet at maturity, it makes a perfectly formed well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. The original plant is blooming in its twelfth year with never a miss or off season. Best indication of its added hardiness is the fact that almost all of our stock has been developed from 2¼" pots lined out in September here in cold Connecticut, and with no loss from winter killing. We doubt if this would be possible with any other weigela. Excellent reports from Vermont and other difficult regions fully substantiate our own estimate of its unusual hardiness.

"Bristol Ruby" is definitely superior to "Eva Rathke" in every respect and visitors here at the Nursery are quick to note its better qualities. Ask us to reserve a supply for you. It will sell.

### GOLD FLAME HONEYSUCKLE

This is one of the finest of the new introductions. The bright coloring of the flowers (flame pink with the inside golden yellow) together with its fine foliage make it a very beautiful vine. Blooming period is from early Spring until heavy frosts in the Fall. We offer field grown plants.

2 yr., No. 1.....Per 10, \$3.50; Per 100, \$30.00

**THE NEW SEPTEMBER CUSHION POMPONS**

Distinctly new type of Garden Mum bred from our Hybrid Korean Strain with one great objective: "to produce garden color in September." This they do in greater profusion than any other type in shapely **cushion-like** plants with clean, colorful, neat blossoms which remain attractive through the season.

	<b>Doz.</b>	<b>100</b>	<b>1000</b>
<b>Rooted Cuttings</b> .....	<b>\$3.00</b>	<b>\$20.00</b>	<b>\$185.00</b>
<b>2½ in. pots</b> .....	<b>3.75</b>	<b>25.00</b>	

**September Bronze.** Out-grows, out-blossoms, out-bronzes any other bronze pompon.

**September Cloud.** No other white pompon flowering so early, or so effective.

**September Gold.** Will immediately supersede Pygmy Gold—three times as productive; equally early.

**Silver Moon.** The earliest single white. Produces flowers usable for cutting. No malformation from heat.

**Peachblow.** An excellent garden single in the DuPont color.

## \* HYBRID TEA ROSES

Available for delivery Spring 1942. The following prices apply to No. 1 field grown Roses. Medium, or 1½ grade, are supplied at 30% less than the printed prices. Prices herein listed are for 100 quantities. For small amounts price is 5c additional per plant. All shipments from Westfield, Massachusetts, New Jersey, or northern New York.

## HARDY CHRYSANTHEMUMS

Except in the most Northern part of our territory, we wish to call to your attention the value of **HARDY CHRYSANTHEMUMS**. The earlier and more dwarf varieties give an abundance of flowers of a good color range. These are followed by the vivid colorings of the Korean Hybrids originated by Bristol Nurseries. These superb varieties will flower from September 1st to October 20th, depending upon variety. When flowers are scarce these Mums brighten up the garden as nothing else can brighten it at that time of year. In the colder areas and in sections exposed to frost these plants will often start blooming after having been frosted. All in all, there is nothing to equal the Bristol Koreans for Fall flowers. To the Florist, even in areas where early frosts occur, we unhesitatingly recommend Korean Mums as a plant to be grown in frames and sash-houses. This type of Mums as a late fall cut flower is enthusiastically welcomed by the buying public as it is impossible to duplicate the Korean colors in the greenhouse varieties. We have Florist customers who find these Koreans a welcome addition to their list of Mums. Write us for a list of varieties best adapted for cut flower use. Also write for our color plate of Korean Mums. Also remember that all Koreans are not Bristol's. Ask for the varieties originated by Bristol Nurseries. There is a reason. See list of varieties and prices on pages 54 and 55. Be sure to visit Bristol Nurseries in September and October to see these Chrysanthemums, in flower. Field roots available in October. Rooted cutting list, including some fine new creations, will be mailed to you in the late fall. See box on page 57.

## THE NEW SEPTEMBER CUSHION POMPONS

Distinctly new type of Garden Mum bred from our Hybrid Korean Strain with one great objective: "to produce garden color in September." This they do in greater profusion than any other type in shapely **cushion-like** plants with clean, colorful, neat blossoms which remain attractive through the season.

	Doz.	100	1000
<b>Rooted Cuttings</b> .....	<b>\$3.00</b>	<b>\$20.00</b>	<b>\$185.00</b>

**September Bronze.** Out-grows, out-blossoms, out-bronzes any other bronze pompon.

**September Cloud.** No other white pompon flowering so early, or so effective.

**September Gold.** Will immediately supersede Pygmy Gold—three times as productive; equally early.

**Silver Moon.** The earliest single white. Produces flowers usable for cutting. No malformation from heat.

**Peachblow.** An excellent garden single in the DuPont color.

## BRISTOL'S NEW HEMEROCALLIS

## ENCHANTRESS. (Bristol Nurseries, Inc.)

Our first offering in this particular group. Its medium-sized blossoms, perfectly formed, are carried in clusters on tall, stately stems. The color is a soft yellow, deepening to a faint copper-gold, with just a slight flush of tender pink in the throat. The plant is erect, tidy, and vigorous, growing to a height of 3½ feet. Particularly lovely for decorative uses if cut just before opening. Mid-July and August.

85c. each; \$9.00 per dozen.

**HELIOPSIS incomparabilis.** An improved Orange Sunflower. Rich golden yellow, nearly double flowers, over 3 inches across, on sturdy, branching 3-foot stems. A splendid summer cut-flower. Very hardy.

Field plants, \$2.50 per doz.; \$15.00 per 100.

2¼ in. pots, \$2.00 per doz.; \$12.00 per 100.
